To Whom It May Concern:

## Letter of reference

**Alstom Power**, have started to cooperate with **Jecos EOOD** since march 2010, in relation to the erection works completion of WFGD plant, located in the Power Plant 330MWx2 AES Maritza EAST 1 TPP – Galabovo- Bulgaria.

Jecos Eood have been chosen to support Alstom site team in Project Management, Site Engineering and Construction supervision during Erection, Commissioning and Start up phases.

During the period of cooperation, Jecos have been involved in:

- Engineering, Construction documentation and As Built drawings completion
- Project planning schedule and Construction reporting to Alstom Management
- Construction progress report preparation and periodically presentation to client AES
- Construction Management and erection supervision of Alstom Subcontractors

Jecos effort helped us to prevent and mitigate the problems appearing during the completion of a difficult project.

**Alstom** is grateful for services, for performance and mutual cooperation provided by **Jecos**.

The current reference is issued in order to prove our respect and gratitude for the work done, Jecos company have constantly met our requirements and expectations, providing services with high quality, with flexibility and in timely manner, giving to our Construction team an added value.

I would not hesitate to recommend them as a company and as a trustworthy flexible partner. If given the opportunity, I would hire them again for future works.

Sincerely,

WFGD Maritza East 1
